

## **We are delighted to invite our students to join the Bridgnorth Endowed School Chromebooks for Education Programme.**

*The impact this programme has had on our students' learning since its introduction in September 2018 has been extremely positive.*

*Students are able to learn, collaborate and interact in new and innovative ways, something that is vital in today's increasingly digital world.*

### **WHY SHOULD I JOIN THE CHROMEBOOK PROGRAMME?**

As a school, we firmly believe in the merits of the programme and the educational benefits of students having their own device to improve the vital link between learning at school and at home.

Having access to the latest technology when and where students need it can help to give them the very best chance of success in and beyond the classroom.

The school is now fully cloud-based and we actively encourage all students who already have Chromebooks to access our in-house resources for education.

Our vision is very clear, in that every student at Bridgnorth Endowed will have their own personal device to support flexible learning and maximise their full potential.

### **WHAT ARE CHROMEBOOKS?**

Chromebooks are a budget-friendly alternative to Windows laptops and MacBooks that run on Chrome OS – a more streamlined operating system designed by Google.

Combining excellent cloud storage and the best of Google's suite of applications, these devices are ideal for browsing the Internet, emailing, streaming videos and performing other online activities.

Chromebooks are extremely secure, easy to use and work seamlessly with cloud-based applications, including those used extensively by our students and teachers.

Through Chromebooks with Google Classroom and Office 365, we are able to further improve student engagement and open the door to learning in an exciting way.

#### **Advantages of Chromebooks:**

- Quick boot up time
- Fast and easy to use
- Long battery life
- Simple technology
- Thin and light portable design
- Excellent for cloud-based computing

### **WHY HAS THE SCHOOL OPTED FOR THIS DEVICE?**

We have selected a Chromebook device that is best suited to enrich the learning experience of our students.

This device is specifically designed for student use with a ruggedised outer casing and enhanced specification to make sure it withstands all functional requirements.

### **WHAT IS INCLUDED IN THE PACKAGE?**

Our Chromebook package offers you outstanding value for money both in terms of price and what's included.

*Lenovo 300e 3rd Gen Chromebook with Stylus*

# CHROMEBOOK PROGRAMME 2023

Lenovo 300e 3rd Gen Chromebook with Stylus

## HOW MUCH DOES IT COST?

You can either opt to pay monthly, over 12, 24 or 36 months, or as a one-off payment via the secure online ordering portal.

At the end of the payment term, you'll have full ownership of the device with no additional cost.

### Payment Options

#### Lenovo 300e Chromebook Gen 3

36 months = £13.62 per month

24 months = £19.71 per month

12 months = £37.55 per month

Outright purchase = £429.29

## HOW DO I PLACE MY ORDER?

- 1 The current order window is open until **Thursday 10th August 2023**
- 2 Go to: <https://www.tech4learners.co.uk/users/login>
- 3 Login with your email address plus the username **BES23** and password **S3cure02!**
- 4 Follow the instructions to place your order

## WHEN WILL MY CHROMEBOOK BE DELIVERED?

Your first direct debit will be taken on 25th August 2023 (or next working day). On successful payment of your first direct debit, your order will be shipped.

To avoid disappointment, please ensure your direct debit is set up correctly as your device will not be ordered if the payment fails to go through.

Delivery/handout is planned for end of September 2023.
