

1:1 DEVICES FOR EDUCATION PROGRAMME

2026

We are delighted to invite our students to join the Bridgnorth Endowed School 1:1 Devices for Education Programme.

The impact this programme has had on our students' learning since its introduction in September 2018 has been extremely positive.

Students are able to learn, collaborate and interact in new and innovative ways, something that is vital in today's increasingly digital world.

WHY SHOULD I JOIN THE 1:1 DEVICE PROGRAMME?

As a school, we firmly believe in the merits of the programme and the educational benefits of students having their own device to improve the vital link between learning at school and at home.

Having access to the latest technology when and where students need it can help to give them the very best chance of success in and beyond the classroom.

The school is now fully cloud-based and we actively encourage all students who already have 1:1 devices to access our in-house resources for education.

Our vision is very clear, in that every student at Bridgnorth Endowed will have their own personal device to support flexible learning and maximise their full potential.

WHAT ARE WINDOWS EDUCATION DEVICES?

Windows education devices are a reliable, education-focused alternative to Chromebooks and MacBooks, running on the Windows operating system — a familiar, versatile platform trusted by schools, universities, and businesses worldwide.

Combining seamless integration with cloud storage, access to Microsoft 365, and compatibility with Google's suite of applications, these devices are perfect for browsing the internet, emailing, streaming videos, working on projects, and using a wide range of educational tools.

Built with durability in mind, they're designed to withstand the rigours of daily school life, from classroom use to homework on the go. Features like drop-resistant, spill-resistant keyboards and toughened screens make them an ideal choice for students.

WHY HAS THE SCHOOL OPTED FOR THIS DEVICE?

We've chosen the ASUS BR1204F because it's a reliable, education-focused device built to meet the demands of every-day school life. Its durable, student-friendly design, paired with Windows 11 compatibility, gives students seamless access to a wide range of learning apps and tools.

With versatile 2-in-1 touchscreen functionality, this device is ideal for interactive lessons and creative projects, while long battery life and built-in security features ensure it stays safe, dependable, and ready for use throughout the school day — whether in the classroom or at home.

WHAT IS INCLUDED IN THE PACKAGE?

The Bridgnorth Endowed School Laptop Bundle includes:

- ASUS BR12FT-CS81XA-3Y N150 - 8GB/128GB
- Office 365 Software
- 36 month warranty
- 36 month repair service

1:1 DEVICES FOR EDUCATION PROGRAMME

2026

ASUS BR12FT-CS81XA-3Y N150 - 8GB/128GB

HOW MUCH DOES IT COST?

You can either opt to pay monthly, over 12, 24 or 36 months, or as a one-off payment via the secure online ordering portal.

At the end of the payment term, you'll have full ownership of the device with no additional cost.

Payment Options

ASUS BR1204F

36 months = £20.48 per month

24 months = £29.77 per month

12 months = £57.65 per month

Outright Purchase = £ 671.25

HOW DO I PLACE MY ORDER?

When the order window is open, you can place your order as follows:

- 1 Click the relevant link for your child's year group and follow the on-screen instructions.
- 2 When prompted, enter your email address and create a password to set up your account.
- 3 Once your account is created, you'll be able to log in to the platform and place your device order.

WHEN WILL MY CHROMEBOOK BE DELIVERED?

On successful payment of your first direct debit, your order will be shipped.

To avoid disappointment, please ensure your direct debit is set up correctly as your device will not be ordered if the payment fails to go through.

Delivery/handout will be advised when the order window is announced.

WHO ARE FREEDOM TECHNOLOGY?

Freedom Tech offers flexible and cost-effective technology financing solutions for the education sector through its Tech4Learners 1:1 device programme.

Benefits for students and parents
